

## Reduce your Costs and Maintain your Accuracy!

### Introducing the new EZ Regular IV Administration System

- EZ Regular simplifies the administration of IV fluids in a way that is safe and simple
- Dial your dose, reducing the need for IV pumps
- Simple to use, one handed operation
- Safety mechanism built in so you can be assured that your infusion rate will not exceed the rate selected
- The EZ Regular is suitable for all infusions including fluids and medication products via a simple gravity flow system
